Urticarial patients, Enhancement of mite antigen-induced histamine release by deuterium oxide from leucocytes of chronic. (a communication from Japan) Tsunemi Numata, Shoso Yamamoto and Takuso Yamura. 189

Use of a chemically defined hypoallergenic diet (Vivonex®) in the management of patients with suspected food allergy/intolerance. Robert J Dockhorn and Thomas C Smith. 264

Use of albuterol for the prevention of exercise-induced bronchospasm. Peter König. 421.

V

Vagus nerve in airways narrowing caused by intraesophageal hydrochloric acid provocation and esophageal distention, The role of the. Lyndon E Mansfield, Herbert H Hameister, Harry S Spaulding, Nigel J Smith and Nicholas Glab. 431

Vekovius, W A, Peter B Boggs, Albert L Stephens and Krishna D Bhat: A classification system for asthmatic patients: clinical-physiological correlation. 307

Vekovius, W A, G S Acton, R B George, P B Boggs, A L Stephens and R F Walker: Racially specific reference standards for commonly performed spirometric measurements for black and white children, ages 9–18 years. 273

Venom immunotherapy, Adverse reactions to. Daniel A Ramirez, Sonnya Londono and Richard Evans III. 435

Venom immunotherapy: clinical and immunologic observations, Bee. (a communication from Israel) Shlomo Bar-Sela and Yoram Levo. 460

Venom skin testing and alteration of RAST levels. Diane E Schuller and Paul L Sutton. 84

Viswanath, B, P V Subba Rao and A Mangala Seetharmiah: Atmospheric survey of pollen of Parthenium hysterophorus. (a communication from India) 192

Vitamin B_6, Erythrocyte aspartate amino transferase activity in asthmatic and non-asthmatic children and its enhancement by. (a communication from Scotland, U.K.) M A Hall, H Thom and G Russell. 464

Vivonex®, in the management of patients with suspected food allergy/intolerance, Use of a chemically defined hypoallergenic diet. Robert J Dockhorn and Thomas C Smith. 264

Voorhorst, R, and M C van der Hooft-van Asbeck: Atopic skin test re-evaluated. IX. Identity of pollen extracts of four grass species. (a communication from The Netherlands) 182

W

Waguet, J-C, and Paul Molkhou: Food allergy and atopic dermatitis in children: treatment with oral sodium cromoglycate. (a communication from France) 173

Walker, R F, W A Vekovius, G S Acton, R B George, P B Boggs and A L Stephens: Racially specific reference standards for commonly performed spirometric measurements for black and white children, ages 9–18 years. 273

Waring, William W, Marilyn C McConnell, R Michael Sly and Houshang Farhadin: Objective assessment of chest configuration in children with asthma or cystic fibrosis. 278

Weiss, Joyce, Sarah Stocking, Joseph Church, Warren Richards and Stanley P Azen: Los Angeles air pollution and asthma in children. 348

What the physician should know about air pollution. Frank L Rosen. 345

Williams, Ray E, Silverio M Santiago and William B Klaustermeyer: Urticaria associated with maxillary sinusitis. (case report) 446

Willoughby, James W, Joseph A Bellanti and Lata S Nerurkar: Measurement of plasma histamine in patients with suspected food hypersensitivity. 260

Wolkove, Norman, Harvey Kreisman, Harold Frank and Michael Gent: The effect of ipratropium on exercise-induced bronchoconstriction. 311

Worldwide experience with albuterol (salbutamol). S Godfrey. 423

Wun, T H, X J Chen and J C L Chu: Treatment of asthmatic patients sensitive to mites (Dermatophagoides farinae); a four-year study of immunotherapy with an extract of Dermatophagoides farinae. (a communication from the People's Republic of China) 107

Y

Yamamoto, Shoso, Takuso Yamura and Tsunemi Numata: Enhancement of mite antigen-induced histamine release by deuterium oxide from leucocytes of chronic urticarial patients. (a communication from Japan) 189

Yamura, Takuso, Tsunemi Numata and Shoso Yamamoto: Enhancement of mite antigen-induced histamine release by deuterium oxide from leucocytes of chronic urticarial patients. (a communication from Japan) 189

Yaron, P, A Mazar, G L Baum, E Segal, I Glazer, S Schur, J Marcus, E Kuttin and M Feldman: Antibodies to inhalant fungal antigens in patients with asthma in Israel. (a communication from Israel) 361

Yoshiyoka, Kowashi, Yoshiyuki Miyamoto, Yoshitaka Harada, Masamichi Shimamura and Tomoaki Matsumoto: IgE biosynthesis and IgE-bearing cells in atopic and normal peripheral blood. (a communication from Japan) 47

Z

Zanjanian, M H, and Anand Sahu: Anaphylactic reaction to fiber glass. (case report) 157

Zdziarski, Ursula, Richard L Green, Sandra S Kaplan, Bruce S Rabin and Carl L Stanitski: Immune function in marathon runners. 73
